last in-service
session. It was a
real hit!”

WLOL. They
have even started
posting their
certificates of
completion along
the office wall.”

“I heard
of WLOL
when I was a
student and
boy was it a
crash course
in the WIC
program. I
was definitely
more ready
to enter the
WIC clinic
during my
internship.”

“Our agency has incorporated WLOL into the
New Employee Training program. It really
covers all the areas of WIC and saves me time
and training dollars!”

“I used the colorful
handout at our regional
meeting. It was so nice to
have something all done
and our states appreciated
the information.”
